

Hi All

Some of the captains are having trouble understanding the new system on how to fill in the players result cards.

Hope this makes sense.

4 player's v 4 players

The home team can pick their order

The away team writes their names on 4 separate pieces of paper.

The home captain picks the names at random and that is the order you play in. 1st (1&2) 2nd (3&4) 3rd (5&6) 4th (7&8)

If you play with more than 4 players or do not wish to play consecutive frames then the names are drawn singly

4 player's v 3 players

The home team can pick their order.

The away team put their 3 names in the 'hat' and are drawn by the home captain to play 1st (1&2), 2nd (3&4) & 3rd.(5&6)

The 3 names go back into the 'hat' and 2 names are drawn out to play the 7th & 8th frames.

3 player's v 3 players

The home team picks their order; then the 3 names go into the 'hat' to be drawn by the away captain for the 7th & 8th frames.

The away team put their 3 names 'in the hat' and are drawn by the home captain to play 1st (1&2), 2nd (3&4) & 3rd.(5&6)

The names go back in the hat and 2 names are drawn out to play the 7th & 8th frames.

ALL MATCHES: NO PLAYER SHALL ARRIVE AFTER 9PM WITHOUT PRIOR CONSENT FROM THE OPPOSING CAPTAIN

If only 2 players are present at 7.30pm they must go on first.

The scores for each frame must be entered and any breaks recorded. Breaks 30 & over for minus & scratch-handicapped players and breaks 20 & over for other players. It is up to the home team to submit the results. Results must be entered onto the website www.leaguesnooker.co.uk or emailed / picture text to me by **Friday 10pm**. Failure to do so will result in a **1 point deduction** for the offending team.
